NATOMAS DITCH SYSTEM, BLUE RAVINE SEGMENT
Juncture of Blue Ravine and Green Valley Roads
Folsom Vicinity
Sacramento County
California

HAER No. CA-144-A

Photographer, David DeVries, MESA TECHNICAL, 1993

- | | |
|-------------|--|
| CA-144-A-1 | View of dry ditch to north at juncture main canal and cement siphon pipe |
| CA-144-A-2 | Water control structure at north end of canal |
| CA-144-A-3 | Earthen berm and water control structure used to regulate water flow into adjacent cultivated area |
| CA-144-A-4 | Dense riparian vegetation at old bridge on Silberstein property |
| CA-144-A-5 | Pastures and landscape context; ditch runs along line of oaks in distance |
| CA-144-A-6 | Earthen banked ditch and view of fields to south |
| CA-144-A-7 | Inverted siphon structure carrying ditch flow under Willow Creek, looking east |
| CA-144-A-8 | Inverted siphon structure carrying ditch flow under Willow Creek, looking southwest |
| CA-144-A-9 | Landscape overview east to El Dorado Hills; ditch follows fence line in middle distance |
| CA-144-A-10 | View to northeast from near siphon structure showing broad, U-shaped earthen banked ditch |
| CA-144-A-11 | Looking southwest down long straight run of ditch |
